YACHT TENDER SPECIALISTS

Zenith Superyacht Services is a dedicated partner in the supply, refit and refurbishment of yacht tenders worldwide. With close contact to manufacturers, shipyards and crews, Zenith offers a unique project managed package to the yachting community.

Zenith has the experience to recommend realistic refit scopes that are delivered within time and budgetary expectations. Our dedicated onsite managers share a passion for quality and reliability, ensuring the hassle and complications of tender yard periods are minimised and allowing crews to dedicate more time to the mother yacht.

Our own technical and brokerage department can assist with new tender specifications, outfitting, warranty and maintenance planning ensuring your equipment is of the highest industry levels.

- ⌘ Specialists in project managing refits both in partnership with shipyards or bespoke facilities
- ⌘ Advising and working towards budgetary and time expectations
- ⌘ Strong partnerships with leading manufacturers, yards and insurance assessors
- ⌘ Dedicated UK facility taking advantage of tax relief and in-house craftsmanship
- ⌘ Experienced new build advice and guidance from concept to delivery

WHY REFIT YOUR YACHT TENDER?

Yacht tenders are often the first and last impression of the owner's or guest's experience on board. With new replacement tenders offering long lead times and a large financial outlay. Having your tenders in for refit can be a great option to produce the most efficient solution. Zenith can refit and modify your tender with the latest systems and modifications, increasing guest comfort, crew functionality and creating bespoke visual aesthetics. Zenith will ensure your tenders are tomorrow's standard.
